

# Future of the Gardiner East: Environmental Assessment and Integrated Urban Design Study

## Stakeholder Advisory Committee

### Application Form

Waterfront Toronto and the City of Toronto (City), the project co-proponents, are jointly undertaking a major study to determine the future of the eastern portion of the elevated Gardiner Expressway and Lake Shore Boulevard from approximately Lower Jarvis Street to just east of the Don Valley Parkway (DVP) at Logan Avenue.

The project includes an individual environmental assessment (under Ontario's *Environmental Assessment Act*) as well as an urban design study. This unique, fully integrated study process is intended to ensure that strong city building objectives remain at the centre of the technical analysis and that a successful urban environment characterized by design excellence results from this effort. The above map illustrates the study areas for the project.

#### **Stakeholder Advisory Committee to be Formed**

An essential part of the study process is effective communication and consultation with members of the public and stakeholders. One of the planned activities in meeting this goal is to establish a Stakeholder Advisory Committee (SAC). The role of the SAC is to provide an ongoing forum for advice, feedback and guidance to the Waterfront Toronto and City project team at key points during the environmental assessment and urban design process. The SAC membership will be comprised of representatives from interested and affected stakeholder organizations. Please see the proposed SAC Terms of Reference, available at [www.gardinerconsultation.ca](http://www.gardinerconsultation.ca) for more information on the SAC role and membership.

#### **Applications Invited**

City of Toronto recognizes that it is best served by boards and advisory bodies that reflect the geographic distribution and diversity of the community they serve. In addition to seeking geographic representation when nominating a member to represent your organization on the SAC, consideration should be given to nominating candidates from the following equity seeking groups: Women, young adults 18 to 30, Aboriginal/First Nations People, persons from racial minority groups, and people with disabilities.

If you are interested in the project and would like to be considered for membership on the Stakeholder Advisory Committee, your application is welcomed using one of the following methods:

1. **Email:** [info@gardinerconsultation.ca](mailto:info@gardinerconsultation.ca) (provide information requested on reverse in an email)
2. **Online:** [www.gardinerconsultation.ca](http://www.gardinerconsultation.ca) (under the Stakeholder Advisory Committee page)
3. **Fax:** 416-536-3453 (Attention: Future of the Gardiner East - Neutral Community Facilitator's Office)
4. **Mail:** (Attention: Future of the Gardiner East - Neutral Community Facilitator's Office, 515 Consumers Road, Suite 201. Toronto, Ontario M2J 4Z2)

**Applications should be received by January 15, 2010.**

**Please review the proposed SAC Terms of Reference (available at [www.gardinerconsultation.ca](http://www.gardinerconsultation.ca)) before completing your application. The ToR provide more details about the role of the SAC and terms of membership.**

The SAC membership will include representatives from interested and affected stakeholder organizations. What is your organization's main area of interest concerning this project (please check one)?

- Business and Economics** – having an economic or business interest (such as a business, commercial or industrial association) or potentially impacted livelihood.
- Community** – involvement in neighbourhood associations, heritage and culture or other public interest community associations, youth organizations.
- Environment** – having a related environmental interest in aquatic and terrestrial ecology and sustainability.
- Infrastructure** – having a related interest in one of more modes of travel, i.e. walking, cycling, transit, road, or rail transportation systems.
- Public Health** – having expertise/interest in potential human health impacts.
- Urban Design** – having a professional interest in planning, landscape architecture or architecture.

Please indicate your organization's mandate.

---

---

Please provide a brief statement (3-4 sentences) as to your organization's interest in this project and the knowledge/expertise you wish to contribute.

---

---

---

Please indicate whether you are willing to commit to participate throughout the duration of the environmental assessment and urban design study (approximately 10 meetings over 2 years), and to abide by the proposed SAC Terms of Reference.

Yes

No
